

WHY CHOOSE REVELLE'S PROFESSIONAL PROGRAM

1. Student receives excellent training from top quality instructors in a true pre-professional environment that challenges and inspires the dancer to improve technical and artistic dance abilities.
2. Schedule is pre-set, allowing for optimal class lengths, class variety and commitment from students enrolled. Proven teaching methods and ideal class selection allows the dancer to improve at the fastest possible pace, and gives students the most advantageous and competitive education to prepare them for the professional performing arts career.
3. Students train with other students in program who are also dedicated on improving and working towards achieving their dance goals.
4. Students will receive at least 3 Major Performing opportunities per year.
5. Students receive 2 evaluations per year and a one-on-one feedback session with the instructor or Artistic Director to further help clarify goals and track progress.

At Revelle Academy, you never need to wonder if you are getting your money's worth. Here are some of the benefits the dancer will be receiving while taking dance lessons at Revelle:

All instructors are highly qualified and trained in the disciplines of dance they teach. The dancer receives the most advantageous training in every class. You will not need to wonder if the training is sufficient to train the dancer for a professional career, and you would not want to find out too late that the training that was received was not the quality required to excel in the dance world.

Our facility is the best in the entire Manasota area with sprung wood floors (essential for dancer's tendon, joint and muscular health), Marley overlay, large hallways for stretching and warming up, large dressing rooms and a full service retail dancewear store available for your every dancewear need.

We offer 3 fabulous performing opportunities for students per year at major venues, including an end of the year Recital and 2 classical ballets. Students will not find better performing opportunities anywhere else!

Revelle Academy offers the highest class selection (with over 50 classes held per week) and is the leader in the industry by offering the most class variety (21 different performing arts genres) of any studio in town. We feel confident that you will have all your dance needs met at Revelle, and look forward to the opportunity to work with you and your dancer.

2010-2011
